SURVIVE AND THRIVE COLORADO PRACTICE ADVANCEMENT RESOURCES

Prepare your practice for the changing world of health care—and find the support you need. Start your customized journey with a resource guide of programs and services available to Colorado practices. It's a one-stop summary of programs—many of which include financial incentives as well as other forms of support—designed to help you build a high-performing primary care practice.

How do you keep up with all of the federal, state and community opportunities available in Colorado? It's easy: **Download the Primary Care Transformation Resources Catalog today at ucdenver.edu/practicetransformation/practicecatalog.**

The catalog is more than a roadmap. It also matches resources with needs. You'll find a rich, diverse compendium of practice-advancement opportunities for the support and assistance you need today and in the future.

Many of these opportunities include practice facilitation assistance and deliver skills-based training to practice staff, such as

- **how to engage patients in their own care using evidence-based self-management support techniques;**
- **care management and care coordination best practices; and**
- **motivational interviewing.**

Change is inevitable. Be prepared.

Top 6 reasons to download the Primary Care Transformation Resources Catalog:

- It's **COMPREHENSIVE**. In one place, all the known programs and services available to Colorado's primary care practices. As these programs change, we'll update the catalog.
- It's **FREE**. Just go to ucdenver.edu/practicetransformation/practicecatalog and download the catalog.
- It's a **ONE-STOP SHOP** for practice advancement opportunities.
- It's **TRANSPARENT**. For each program, the catalog clearly spells out costs (if any), commitment, level of effort, deadlines and other requirements.
- It's a **ROADMAP** to plot your future. You can use this catalog to map the direction you want to take your practice over the next two to three years. It contains programs that will take you farther along on your journey.
- It positions your practice to capitalize on **PAYMENT REFORM** opportunities.

HIGH-PERFORMING PRIMARY CARE

PRACTICE ROLES

CATEGORY 3:

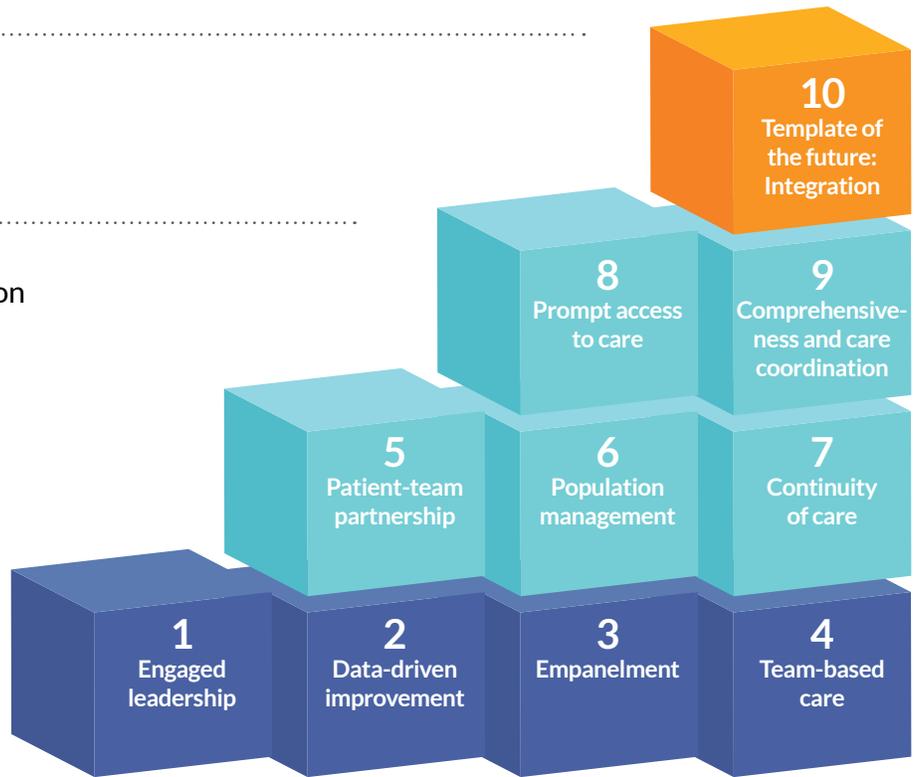

Integration

CATEGORY 2:

Advancement and Evolution

CATEGORY 1:

Foundation Building

Adapted from: Bodenheimer T, Willard-Grace R, Ghorob A, Grumbach K. "The 10 building blocks of high-performing primary care." *Ann Fam Med*. 2014;12(2):166-171. <http://www.annfammed.org/content/12/2/166.full.pdf>

No matter where you are in your progression to advanced models of care, there's a program for you. As illustrated in the figure above, the catalog offers opportunities at every level. (If you're not sure where to start, use the catalog's practice self-assessment tool to evaluate where to enter the process.)

Now is the time to leverage the resources to move your practice forward. The catalog is sponsored by Colorado Health Extension System (healthextensiontoolkit.org/about/participating-states/dissemination-states/colorado/), a collaborative, multi-stakeholder organization that seeks to improve health and health care across Colorado. It reflects Colorado's desire to establish a coordinated effort to effectively use and align new and existing resources to support practices in their efforts.

The catalog is produced by the Colorado Health Extension System (CHES), a collaborative, multi-stakeholder organization that seeks to improve health and health care across Colorado through: 1) supporting redesign and innovation in primary care practices, improving their readiness for new payment models through practice transformation support and infrastructure development; 2) promoting local collaboration among health care providers, community groups, patient advisory groups, local public health officers, and public health agencies; and 3) facilitating local or regional efforts to improve health care to meet the Triple Aim of improving quality, improving experience of health care, and reducing costs.
